LANSING (AP) — A one-punch fistfight between two legislators which sent one of them to the hospital lived up an inconclusive House debate on tax reform Wednesday.

Rep. Thomas G. Sharpe, R-Howell, spent the night in "satisfactory" condition after an altercation with Rep. David S. Holmes Jr., D-Detroit, in a Capitol Building hallway in front of the governor's office.

A St. Lawrence Hospital spokesman said Sharpe, 50, suffered a fracture of the right cheekbone.

Accounts of the incident varied.

Rep. James Bradley, D-Detroit, said Sharpe challenged the 52-year-old Holmes, who outweighs the Howell Republican by at least 60 pounds.

But State Police at the East Lansing Post, who talked with Sharpe at the hospital, said he told them Holmes struck him "for no apparent reason" after "words had been exchanged" about use of state cars and a state income tax.

Had Been "Needling" The handful of House members with first-hand knowledge about the fight were reluctant to discuss it, but it was reported Holmes and Sharpe had been "kidding" or "needling" each other for much of the long legislative day.

The two men's desks are about five feet apart.

Sharpe could not be reached for comment following his hospitalization.

State Police Cpl. Calvin Glassford, who interviewed Sharpe in the hospital, said Sharpe did not wish to press charges in the matter.

"Our report is closed," said Cpl. Walter Wiedbrauk. "The only way it will be reopened, as far as we're concerned, is if one of them wants to press it further."

Issued Challenge Bradley said Sharpe challenged Holmes on the floor and Holmes asked the Republican to leave the House chamber with him.

When they left, Bradley said, Sharpe removed his glasses and Holmes hit him, knocking him down.

One source said Sharpe did not lose consciousness. Another said he appeared "dazed and glassy-eyed" following the punch, which reportedly drove him into an empty coat rack beside the wall.

Holmes was one of four Detroit Democrats identified earlier this year as having requested cars from the State Department of Administration.

House Democratic leader William A. Ryan said he and Republican House Speaker Robert Waldron met Holmes after the incident.

"Really Felt Bad" "We tried to talk to him about it and find out what happened, but we couldn't even get him to open his mouth," Ryan said. "He really felt bad about it."

Tempers may have been shortened by the second consecutive day-and-night House floor session.

Wednesday saw the beginning of House debate on the thorny question of how to raise new revenue to meet the state's obligations in future fiscal years.

House Kills Income Tax Curb Measure

LANSING (AP) — The House combined the Democrats' graduated tax and the Republicans' limited tax into the same compromise resolution Wednesday, then voted the resolution down.

A proposal to abolish city income taxes and replace the revenue with a state rebate to cities also met defeat later in the day-and-night House session as the chamber for the first time this year took up the thorny problem of tax reform.

Meanwhile, a surprise Democratic move to consign a get-tough public employee labor relations bill to probable death succeeded at first, then failed.

Said House Democratic leader William Ryan of Detroit: "This was a total waste of time."

Fear Role Climbed A morning-long argument involved whether to remove the constitutional ban on graduated taxes and whether to write into the Constitution a section limit-

ing any state personal income tax to 5 per cent.

Democrats claimed an income tax levied at different rates against different income groups is the only way to insure fiscal fairness.

Republicans said many voters fear that if a state income tax is enacted this year, the rate in the future will climb too high unless a ceiling is written into the Constitution.

House members compromised on a proposed constitutional amendment which would both limit a state levy to 5 per cent and permit a graduated tax.

The compromise attracted 59 votes—more than half of the 108 House members but 13 short of the required two-thirds majority.

Debate Today Ryan said Republicans knew beforehand their tax-limit amendment stood no chance of passage, but felt their constitu-

ents would be pleased to learn they had voted for it.

House debate was to continue today on a Republican-drafted fiscal package which in its present form includes:

—State income taxes of 2½ per cent on individuals, 5 per cent on corporations and 7 per cent on financial institutions;

—A cigarette tax increase of three cents a pack;

—Repeal of the business activities tax and a higher exemption from the intangibles tax;

—A 14 per cent cut in school and county property taxes;

—A return to local governments of one-fifth of the money collected in the personal income tax.

Ryan said Democrats would try to amend the package to increase the tax on corporations to 7 per cent, boost the personal tax exemption from \$600 to \$1,000 and replace the property tax cut with a larger state payout to local units.

He said there was little hope that the Democratic proposals would be adopted or that the Republican package would pass.

"There is no way they can get our support for their program and there is no way we can get their support for our program," Ryan said.

Varnum Changes Vote Each party has 54 House seats. It takes 55 votes to pass a bill. The Democratic attempt to return the public employee bill to committee came as a surprise and at first appeared to succeed as three Republicans aided in the effort.

Republican Reps. Thomas Brown of Lansing, Charles Varnum of Manistiquette and Edgar Geerlings of Muskegon voted in the first round to return the bill to committee.

But in the evening showdown, Brown and Varnum voted for reconsideration of the earlier tally, while Geerlings abstained from voting.

But Westmoreland's charge in the New York speech that "unpatriotic acts" of protesters at home are giving comfort to the North brought criticism from Republicans who had been silent when Democratic critics complained bitterly about it in the Senate Tuesday.

While they did not go as far as Sen. Mark O. Hatfield, R-Ore., who said the administration was using "political blackmail" to silence its critics, Sens. George D. Aiken, R-Vt., and Thurston B. Morton, R-Ky., protested that the patriotism of those who differ on policy is being questioned.

Hatfield told a Yale audience in New Haven, Conn., Wednesday night that "those who dare to challenge the administration's policies do so at the risk of having their patriotism questioned."

He said Westmoreland "is joining in the effort to silence opposition."

Esky Dramatists To Present Play

Final preparations are being made for the Escanaba High School drama "Danger From The Sky" which will be presented on May 9 and 11 at 8 p. m. in the High School Auditorium.

"Danger From The Sky" concerns a physicist, Professor Lucius Brandon, and the problems he and his family face when his hush-hush government project becomes the target for the attentions of an exotic countess.

Members of the cast are Ruth Nelson, Paula Hammen, Cheri Eis, Sally Barrett, Phil Van Elsacker, Jim Steinmetz, Kevin Curran, Ron Fox, Judy Henslee, D. Ann Beck, Mike Beck and Steve Kell.

The technical crew includes John Beauchamp, John Perkins, John Pratt and Tom Lang on stage, Sue Dewar and Jan Larson on properties, Charis Easton and Sara Trotter on wardrobe, Sue McGovern and Joan Vanlerberghe, Tom Lang and Bill Pearson on make-up, Sue Carlson on publicity, Chris Johnson on special scenery, Donna Stiglitz on program cover, and the following members of Mortarboard who will act as ushers: Karen M. Anderson, Chris Barron, Mary Beth Christensen, Jean Cox, Kathy Hawes, Mary Knoll, Kathy Pultz, and Melissa Rose.

Propose More Street Funds For 35 Cities

Thirty-five communities in six Upper Peninsula counties and eight in northern lower Michigan will receive almost \$400,000 more in street improvement funds under a "good roads tax package" passed early this week by the Senate.

Senator Thomas F. Schweigert (R-Petoskey) said today, "The House of Representatives is expected to pass the package, too, and if it does, these communities will profit from increased gas and weight taxes and changes in the formula for distributing motor vehicle highway funds," said Senator Schweigert.

If the package of bills passes the House and is signed by Governor Romney, communities will get increases listed including:

Chatham, \$1,300; DeTour Village, \$3,200; Escanaba, \$53,200; Garden, \$1,500; Gladstone, \$19,000; Manistique, \$14,200; Munising, \$14,000; Newberry, \$8,800; Sault Ste. Marie, \$63,000; St. Ignace, \$12,800.

World's southernmost town is Ushuaia, Argentina, in Tierra del Fuego.

Fresh Produce Supplies Short

NEW YORK (AP)—The Johnson administration, accused by farmers of fostering a cheap food policy, took steps this week to ease unrest in the farm belt. At the same time it held out some reassurances to food shoppers.

Secretary of Agriculture Orville L. Freeman raised the price paid dairymen for milk about one-half cent a quart. He said it would eliminate seasonal fluctuations and give farmers more stable prices.

"There is nothing I can see to justify any increase cost to the consumer," Freeman said.

The Labor Department reported food prices last month declined slightly, but less than is usual in March.

It added that wholesale prices had declined further than prices consumers pay in food stores.

Beef prices are down with steaks and roasts featured on specials across the country.

Butter prices dropped 2 cents a pound this week. This still is 2 cents higher than a year ago. The season's first watermelons and strawberries are reaching the markets.

Fresh produce supplies are limited in the Midwest, which has been plagued by bad weather and transportation problems. Generally there are good supplies now of potatoes, onions, apples, oranges, grapefruit and watermelons.

Measles Decline Amazes Officials

LANSING (AP)—The Health Department experts say the cutback in measles cases in Michigan this year is "amazing."

Dr. George Agate, director of the department's division of epidemiology, credits an all-out immunization drive being conducted by the state and federal governments with causing a dramatic reduction in measles cases.

"I think the measles program has been one of the most gratifying in public health in recent years," Agate said. "We've seen the cases of measles virtually disappear before our eyes."

The figures tell the story. There were 607 cases of measles reported in Michigan through April 21 this year.

Four Year Program This was compared with 7,188 cases during the same period of 1966 and 15,231 cases during the identical period of 1965.

"We've had the live virus vac-

ination program going now for about four years," Agate said. "The state and federal health departments have been moving in strong with the program during the past year."

The U.S. Surgeon general's office, meanwhile, is talking about wiping out measles completely.

Measles is thought of as only a nuisance disease for children. In the past, however, it took a small but steady annual toll of deaths among children.

Michigan had 48,752 measles cases and 27 deaths in 1963, 30,897 cases and 11 deaths in 1964, 28,132 cases and six deaths in 1965 and 15,231 cases and six deaths in 1966.

No 1967 Deaths There have been no deaths reported to the department so far this year, Agate said.

The Legislature appropriated \$350,000 to the Health Department last year for the wipe-out-measles campaign. A \$200,000 appropriation also was received from the federal government.

The state supplied vaccination clinics and furnished free vaccine to private physicians. Many cities, such as Detroit and Saginaw, carried on their own campaigns, Agate said.

Explaining the large number of cases so early in the year, Agate said measles is a winter and spring disease. The number of cases drops off when children are out of school in the summer and then rises again in the fall when they once more are exposed to groups of other children.

Auto Negligence Suit Settled Without Jury

The auto negligence civil suit of Mrs. Lucille Dishno of Cornell against Film Service, Inc., of Milwaukee was settled without a jury decision Wednesday in Circuit Court.

Terms of the settlement were not announced. Testimony in the case before a 12-member jury and Judge Bernard H. Davidson had continued for two days.

The plaintiff had asked damages for injuries received in May, 1964, when the car in which she was riding struck the rear of a Film Service truck parked on S. 23rd St.

Grant Is Aid For Park In Baraga

WASHINGTON (AP)—The Interior Department has granted Michigan money to help create two new state parks, one in Baraga County and one in Clinton County.

One grant, for \$102,000, will help the state buy 1,856 acres for Craig Lake State Park in Baraga County. The other, for \$147,778, will be used to create Sleepy Hollow State Park in Clinton County near Ovid.

Three former U. S. capitals were located in Pennsylvania—at Philadelphia, Lancaster and York.

Schweigert Bill For Waterways Aid Up To House

LANSING (AP)—The State Waterways Commission would receive an extra \$2 million, glue sniffing would be prohibited and convicts would receive stiffer sentences for escape under bills passed Wednesday by the Senate.

The bills, referred to the House, included a measure sponsored by Sen. Thomas Schweigert, R-Petoskey, which would boost the waterways commission share of gasoline tax money from .5 per cent to 1.5 per cent.

Schweigert said the resulting \$2 million was needed for anticipated construction of marinas, boat launching sites and other boating services.

The bill contains a clause stating it would not go into effect unless a four - bill package, containing a boost in the state gasoline tax from six to seven cents, is enacted into law. That package passed the Senate Tuesday and is now in the House.

Schweigert said the state's 400,000 boat owners now contribute about 3.2 per cent of the total gasoline tax collected, but do not receive equivalent benefits.

The Senate passed a bill which would forbid any person inten-

tionally to inhale fumes of model glue for the purpose of causing a condition of intoxication, euphoria, excitement or exhilaration.

Also approved was a measure boosting from three years to five years the sentence for prison escape. The sentence would be served after the prisoner's original sentence had terminated.

The bill stipulates that a prisoner who violates the terms of a prison work - pass program, which allows him to work outside the prison walls, would be liable for the escape sentence.

Helping Tourism Is The Goal Of UPCAP's Study

By ROSE LACHAPPELLE
MANISTIQUE — The possibility of rebuilding one of the slips in the Manistique River, having a lumber schooner on display in it, and offering rides aboard a lumber boat were suggested as new attractions Manistique might provide for tourists, during the annual meeting of the Top O' Lake Michigan Chamber of Commerce.

The dinner meeting attended by 105 was held in the Surf and had Henry O. Barbour of Michigan State University as guest speaker. He summarized and emphasized findings in a tourism study made by the University and the Upper Peninsula Committee on Area Progress. Also present was Iain Christy of Scotland, tourist and resort specialist at MSU who has been assigned to implement the study. Dr. Uel Blank, Dr. Clare Gunn and Johnson, Johnson & Roy of Ann Arbor prepared the guidelines report.

A decline from the late 1950 tourist level is shown in the report. Travel to Europe, Latin America and other areas has increased in the same period.

The Upper Peninsula has \$186 million invested in businesses and facilities related to tourism and recreation and \$50 billion is being spent for new services and facilities. In 1964, the peninsula was host to 4.7 million tourists who spent an estimated \$118 million. Nearly all came from the Great Lakes region. Sixty per cent were from Michigan.

Road Needs
The tourists come from urban-oriented areas, have average income of \$9,300 a year and like most to view roadside scenery, visit natural beauty areas and historic spots, and take part in water activities. Woods and waters are the basic attractions and the wilderness should be preserved, Barbour noted. However, facilities to provide the amenities to which the urban tourists are accustomed are necessary.

The peninsula has sub-regions delineated in the report for possible attractions development. Manistique, Escanaba and Gladstone are in a "Beau Rivage" section which would utilize Lake Michigan and other lakes and streams for water excursions. The St. Ignace-Sault Ste Marie area is called "Voyageurland," developing major historical complexes. The Menominee area could have a major port town historic complex.

Improvement of expressway access would attract travelers from all prime markets. The area is a day's drive from a market consisting of nearly 50 million. An internal expressway in the peninsula would dramatically change circulation and bring attractions and communities closer.

Gateways should give expression to the entrance to the U.P., provide images best suited to the region, offer the very best directions and guidance, and provide quality attractions.

Scenic routes are important, but expressways also are needed for fast traffic movement. Trails and waterways offer great potential for resource use as an extension of roadside viewing. The Great Lakes lend themselves well to scenic drives, to the camper and second homemaker, and the harbors are a real find for boating enthusiasts, the report notes.

Historic Interest
Inland lakes have great potential for fishing, cottage sites and other uses.

The area also has great historic appeal, which should be developed. Many tourists leave the area without ever knowing this was once the New France, the guidelines cite. Settlers who followed left their monuments in fur trading posts, missions and military posts. Indian attraction clusters, with opportunity to sell artifacts, such as Chippewa dolls, tourist mine complexes, lumber camps, fishing and ethnic villages have appeal which could be rewarding for both traveler and developer. Scope of services offered by communities also is important, it was emphasized.

An effective program for development of the tourism and recreation potential should include attractions development in the first priority, with emphasis on newer, larger and better attractions. A regional committee should initiate, promote and stimulate the recommended actions and coordinate activities of the various sub-regions.

Sub-regional action by properly organized local units will be the building blocks for the entire area's growth. Dissemination of the report findings, specific groups for development tasks, training and education, marketing study and analysis, obsolescence prevention, promotion and advertising, and a peninsula-wide effort for year-round activities are also suggested.

"More than ever before, Americans have the time, the money and the inclination to be tourists. Whether they come to the Upper Peninsula will be influenced by the actions taken by the people of the region. Imaginative programs are critical if Michigan is to earn its share of Great Lakes tourism," the report notes.

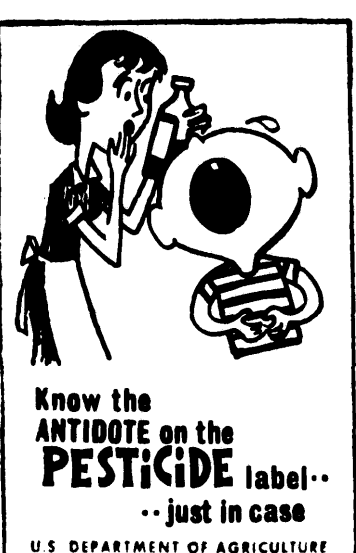

Sawdust Beach
A quality revolution has occurred, with better facilities sought. Trends constantly are changing. Development of snowmobiling is an example.

The area needs five gateway and information centers, offering peninsula-wide information, a freeway and highway system, and sub-regional information centers. A regional heritage trail and nature trail, industrial and institutional tours and souvenir sales are development potentials. Many visitors show they are seeking to add to their knowledge with travel, Barbour observed.

Boat liveries, boat trips, and guest passage on fish tugs may be popular. Boat trips might mean a service is needed to bring cars of passengers to the places they will dock. Harbors of the area and other attractions could be visited. Regularization of ferry passenger service might be a goal in the program.

As the Beau Rivage area has the mildest climate, a retirement complex could be considered. A lumber attraction would be interesting. Guided hunting and fishing trips, interpretative trails along beaches, boating and seaman-ship lessons, marine supply and provisioning stores, facilities to rent hunting and fishing equipment, process kills, have quick photos of the trophy "bags" and ship fish and game may be helpful.

"On the Riviera, I walked over stones to get to a beach and near Rome I went to the black beach. The next time I talk I will include the sawdust beach of Manistique," Barbour noted in urging that the area

U.S. DEPARTMENT OF AGRICULTURE

"brag-up" its sawdust beaches. The report was cited as a "bugle call, an economic call to enhance lives of Upper Michigan people" through increased development of jobs and wealth through serving more tourists better.

"Make Dust Fly"
"We hope the report will not gather dust but help make the dust fly" said Dean Rhoads, county extension director in introducing the program.

David Kelly conducted the general Chamber meeting, which opened with invocation by Rev. Robert Kennedy. The development of tourism is one facet of the C-C expanded program, Kelly said. Industrial and retail promotion also are important, he stated.

An information center for tourists is planned this year along U.S. 2.

The area generally expects a good tourist year, businessmen have indicated, with some saying the market prospect is "bullish," indicating a very good year.

As the meeting was held, some signs of this anticipation were very much evident. The host Surf restaurant has started construction on a bakery and office and storage area for its fine facility, duplicated also in Marquette and Iron Mountain restaurants, and the nearby Fireside restaurant of the Manistique Motel is adding a cocktail lounge, supper club and private dining facility.

Guests at the meeting included Gerald Harmon and Herbert Schott of Howell, new owners of Blaney Park, who have announced the resort will be open again this year.

Fishermen Yes, Fires No!

The Hiawatha National Forest is putting out the welcome mat for the 1967 army of fishermen.

Again this year the Sturgeon, the Indian, the Fishdam, the Whitefish and the Days in Delta and Schoolcraft counties; the Carp and the Pine in Chippewa and Mackinac counties will be the scene of many happy hours for the trout fishermen when the season opens on Saturday.

"The only thing we ask," said Lawrence Haack, fire staffman, "is that the angler be a good disciple of Isaac Walton and be careful with fire and take care of his litter. These are two things a good sportsman take pride in. They are as important to him as obeying the fish and game regulations."

Since the snow has melted, the woods and fields are ready to burn and waiting for that match to be dropped by a careless hand.

"Burning conditions have existed for three weeks and there have been no fires," Haack said. "Last year the Hiawatha National Forest had six fires during this same period."

To the fisherman there is this advice: Although it may be impossible to start a fire during the morning hours of a day's fishing because of high moisture conditions, a change can take place without being noticed.

It may have rained the day before but a fire can be started by 10 or 11 o'clock of the next morning. The best rule is to be careful with fire always and especially in the spring before the woods have turned green, Haack said.

FIRE AND WATER can be neighbors when the fishing anglers take to the lakes and streams but leave a campfire on the bank, or carelessly drop a lighted match. These pictures show the devastation wrought by fire in the Hiawatha National Forest, and the pleasure of fishing on the Indian River. (USFS Photos)

U-M Will Hire More Negroes

ANN ARBOR (AP) — University of Michigan Regents, criticized in two federal audits for the small number of Negroes on the U-M payroll, say they plan to hire more Negroes and upgrade those already on campus.

Wilbur Pierpont, U-M financial vice president, outlined the plan to regents at the same time that a survey showed that more Negroes were hired last year.

Services Held Tuesday For Mrs. Sinclair

Funeral services for Mrs. Harry Sinclair of Kingsford, formerly of Escanaba, were held at the Freeman Funeral Home Tuesday with Rev. Clyde Brown officiating. Burial was in the Highland Chapel Gardens.

Molesting Cases Bring Warning

Sgt. W. I. Treichel of the Gladstone post of the State Police, in an annual reminder, today advised parents and guardians to caution youngsters against going for walks or rides with strangers.

A number of molesting cases already have been reported in the state this spring, Treichel said, one tragically involving a slaying.

State Police records show hundreds of child molestation sex offenses each year and they are most frequent in the spring and summer months when youngsters are outdoors.

Treichel said any incidents of molesting children or circumstances indicating possibility of this danger should be promptly reported to police for investigation. Names of minors and parents in molesting incidents are not made public unless abduction or murder is involved.

Treichel offered these guidelines to parents: Instruct youngsters to flatly reject any stranger's offer of candy, money or gifts as a lure to go for walks or rides.

Insist that youngsters be in company at all times with other children where there is no adult supervision.

Use protective discretion

State Lists Road Mileage

There are still eight miles of brick highways on Michigan's state highway system, the State Highway Commission reported today.

Genesee County, with nearly three miles of brick state highways, leads all counties in this category of roads.

The Commission reported there are 2,641 miles of concrete highways, 3,811 miles of high type asphalt highways and 2,748 miles of low type bituminous states highways.

The report showed that Wayne County has more miles of state highways — 297.6 — than any other county in the state.

It is followed by Kent County with 233.7 miles, Oakland County, 213.2 miles, and Chippewa County, 203.8 miles.

A county-by-county breakdown of Michigan's 9,208 miles of state highways includes:

Alger, 105.6; Baraga, 77.1; Chippewa, 203.8; Delta, 112.2; Dickinson, 61.4; Gogebic, 112.1; Houghton, 121.5; Iron, 97.2; Keweenaw, 57.2; Lapeer, 64; Mackinac, 161.3; Marquette, 146.6; Menominee, 98.4; Ontonagon, 149.2; Schoolcraft, 136.5.

Spray Can May Be Tiny Bomb

Dr. Mary L. Cretens, director of the Delta-Menominee Health Department, warns of hazards in the use and disposal of spray cans. Some of the hazards include injuries, sometimes permanent, to the eyes and other parts of the body, absorption of harmful chemicals through the skin and the risk of explosion of the aerosol container under certain conditions.

"Damage to the eyes can result from both chemical irritation by the particular product or propellant, and from the force of the spray," said Dr. Cretens. "This force is considerable near the dispensing valve, and accounts for a great many eye injuries. Both types of injury frequently occur with hair sprays and air fresheners because these products are sprayed approximately at eye level where the user can inadvertently direct the spray at his eyes."

"Another hazard is encountered when insecticides and garden products packaged in aerosol containers are used out-of-doors. An unexpected gust of wind can blow harmful chemicals onto the skin and into the eyes. A pin or other sharp instrument should not be used in an attempt to clear a clogged valve. This can destroy the seal and allow the contents to escape in an uncontrolled spray.

"Care should be used in storing aerosols. Heat generally causes the propellant to expand, thus increasing pressure within the container to the point of rupturing it. The resulting explosion can injure nearby persons with jagged pieces of metal from the can, as well as with its contents. Storage in direct sunlight or near or on a radiator or other artificial heat source should be avoided.

Lake Carriers Protest Coal Rates By Rail

CLEVELAND (AP)—The Lake Carriers' Association has stepped up its campaign against what it describes as a "calculated program to wipe vessel carriage of coal off the Great Lakes."

The association said that it has petitioned the Interstate Commerce Commission to suspend a reduced all-rail rate on coal from midwestern mines to Wisconsin until comparable rates—distance considered—to South Chicago are published.

The protest involves a proposed rate from midwestern mines to the Wisconsin Electric Co. plant at Oak Creek, Wis., serving Milwaukee. The association claimed the reduced competitive rail-lake service rate would end independent, competitive rail-lake service via South Chicago in favor of a much longer all-rail route.

The rates are due to become effective May 6 unless suspended. About four million tons of coal a year now are shipped to Oak Creek via Chicago.

Lake Carriers' said the proposed charge is \$2.35 a ton for a 468-mile haul from southern Illinois mines to Oak Creek, compared to a \$2.10 charge for 187-mile service to the South Chicago dock.

"If the railroads can carry coal 468 miles for \$2.35 a ton, they should be able to carry it 187 miles, less than half the distance, for much less than \$2.10 a ton," said Vice Admiral James A. Hirschfield, USCG retired, president of the Lake Carriers' Association.

Railroads involved are Illinois Central, the Chicago, Burlington & Quincy and the Chicago & Northwestern.

U.S. Navy Ships Visit Anzac Ports

HONOLULU (AP)—The U.S. Pacific fleet is sending 13 ships to visit 11 Australian and New Zealand ports next month during the observance of the 25th anniversary of the battle of Coral Sea.

The guest of honor will be Adm. David L. McDonald, U.S. chief of naval operations. McDonald, accompanied by his wife, will visit seven Australian and three New Zealand cities during his 20-day observance.

Detroit Kluxers Seek New Home

DETROIT (AP)—A group of Detroit Ku Klux Klansmen is looking for a new meeting place today.

The Klansmen had been meeting once or twice a month in a Taylor Township hall owned by the Women's Relief Corps, an auxiliary of the Grand Army of the Republic (GAR).

This was revealed in a series of articles by a Detroit News reporter who infiltrated the Klan, and the GAR said Wednesday it would not rent the hall again to the Klansmen.

Mrs. Gloria Kroll, corps president, said John Davis, identified by the News as grand dragon of one of two Detroit area Klaverns of the Klan, told her when he first rented the hall in March 1966 it would be used by a Masonic group.

Mrs. Kroll said she had no knowledge of the Klansmen's use of the hall until the News series appeared this week.

The Klavern has fewer than 20 members, the News said. The hall is located directly across the street from the Taylor Township Police Department and is often rented by the local Fraternal Order of Police.

Dow Builds

BAY CITY (AP)—The Dow Chemical Co. has announced plans for a new plant to house its Saran Fabricating operations in nearby Bangor Township. Cost of the facility, scheduled for completion in the spring of 1968, is estimated at \$2 million.

Expect Good Fishing Opener

Predictions are for a good opening of the regular fishing season, the district Conservation office in Newberry reports.

Recent weather retarded runoff so stream levels are starting to fall and clear. In the southern section, Lakes Michigan and Huron watersheds, streams are down to normal for this time of year. Lake Superior watershed streams are above normal.

Most snow is gone from the woods and road conditions are very good throughout the district. All lakes are free of ice. Their levels are much higher than last fall, but there is little or no flooding.

Some of the present and predicted conditions are:

Smelt - Beginning to run in streams throughout the district. A warm day or two should bring hordes of the silvery fish. Commercial catches are above normal in the Bay de Noc area. Some good dipping is reported at Nuns Creek near Hessel and in Galloway Creek near Emerson. This should be the week for the "smelt run."

Cobos - Rainbow trout - Reports were received of a few nice ones taken in the Two - Hearted and Sucker Rivers. Fishing should improve on both streams with lower water and higher temperatures. Good runs are reported in Big Huron river. This usually occurs 10 to 14 days before the rainbow runs in the eastern end of the Upper Peninsula. Runs are well underway in the Lake Michigan and Huron watershed, and should offer some good fishing this weekend. The run may develop in the Lake Superior watershed this weekend or next week. Rainbow are marshaling in Lake Superior off the mouth of the many rainbow streams. They are being taken off the mouth of the Mosquito River in Alger County.

All streams in Alger and Luce counties have good rainbow runs. Good lake possibilities for rainbow would be Highbanks Lake, Chippewa County; Tank, Camp 8, Bass lakes, in Luce County; Clear, Island, Dodge and Bear lakes in Schoolcraft County.

Coho (Silver) salmon, a new species probably can be taken in Lake Superior, off the mouth of some of the large streams. In the past week a number have been taken in Munising Bay off the mouth of the Ann River on small silver spoons, large bucktails and "strawberries."

Brown Trout - will be taken along with rainbows but the best potential will be in inland lakes and ponds, namely Fiborn pond in Mackinac County, Frank, Long and Bulls lakes, and 3rd Creek Pond in Luce County and Ashford Lake in Schoolcraft County.

Brook Trout - Good fishing does not get underway until water is down to normal, about mid - May. Some beaver ponds will produce fish on opening weekend, and small trout lakes. Some favorite brook trout lakes are N. Shore Lake Lake, Alger County, Trout Brook Pond, Chippewa County, Holland, Brush, Silver, Dillingham, Sympson, Lost, Peanut, Youngs and Whorl Lake in Luce County and Neda Lake, Schoolcraft County.

Duten Fred Lake will be stocked with splake later in the season. Presently it has no fish. Most trout lakes were planted with fingerling trout in the fall of 1966. Fishermen are asked not to waste them. They will be legal by mid - summer.

Splake - Good catches are expected in Moon and Pretty Lakes in Luce County.

Many Walleyes - Yellow Perch - Perch are coming into the catch in Potomac Bay (Drummond Island) and Les Cheneaux Channels near Cedarville and

HISTORIAN Francis Parkman will be honored by a three-cent stamp in the "Prominent Americans" series of regular stamps. The Parkman stamp will be issued with ceremonies Sept. 16 at Boston, where the 19th-century historian was born in 1823. Parkman is best-remembered for "The California and Oregon Trail," an account of life on the early frontier and among the Indians.

Detroit Edison Seeks Permission To Expand Plants

DETROIT (AP)—The Detroit Edison Company has asked the appeals board of the Wayne County Board of Health to let the company expand two electric power plants in Wyandotte. The company filed the petition Wednesday after the air pollution branch of the board of health had refused permission for the proposed expansion, saying the expansions would pollute the air.

Edison had refused to provide the county with data on the sulphur content of the coal it intended to use at the plants.

Student Exchange Ties Expanded

DETROIT (AP)—Wayne State University and the University of Munich, Germany, are strengthening their ties by expanding the student exchange agreement between the two schools.

Dr. Ludwig Kotter, rector of the German University, said in Detroit Wednesday that his school may establish a fellowship for a German student to study at Wayne State, in addition to the exchange program.

Under the 14-year-old program, 80 Wayne State juniors take a year's credit work annually at Munich.

Hessel and these should be "Hot spots" for the weekend. Some are being taken in the Tahquamenon River near the island and fishing is expected to improve. Perch should be sought in shoal (shallow) water at this time of year. The "spawners" frequent weedy areas. Favorite perch lakes also should be good producers.

Walleye - Recent trap netting on Indian and Gulliver Lakes in Schoolcraft County and Whitfish and Big Manitouque Lakes in Luce-Mackinac counties indicate a good population of walleyes. They should be in shoal waters. Generally, the best fishing for walleye occurs after water temperatures get over 50 degrees. Present temperatures range from 42 to 46 degrees.

Northern pike - Can legally be taken in this district at any time in the St. Mary's river, Chippewa County and on trout streams and lakes after April 29. There are no designated trout lakes with pike in them. Pike fishing opens on inland lakes May 15 and on the Great Lakes May 21.

Menominees - Good catches are still made at the mouth of the Blind Sucker river in Luce County. With receding water some of these very good fish should be caught off the mouth of most Lake Superior streams.

Fishermen are reminded to get their license and trout stamp. Minnows are not allowed for bait on designated trout lakes. Camp fires should be put out as there is still a danger period in the woods, and litter should be disposed of in a manner as not to mar the beauty of recreation areas.

"Good luck and have a happy opening," the department concludes.

'Play Ladies' Begin Work At St. Francis

By PEGGY BRYSON

"Is it Thursday yet? Is it Thursday yet?" That's what pediatric patients at St. Francis Hospital are asking these days.

The reason for the excitement is the group of women who go in pairs each Thursday morning and entertain the children patients at the hospital. Mrs. John Curtis, 1106 S. 15th St., of the Newcomers Club, has organized the group, known as "Play Ladies."

"We are so excited about the response we have received at the hospital," said Mrs. Curtis. "The staff and children are so appreciative of our work. We hope to be able to expand in the future but right now the program is in an experimental stage," she added.

The Play Ladies work with all the children but center their attention on those who need special care. There are slow eaters who need a little coaxing, some who are so nervous they need diversion to keep them out of mischief; some who are just lonely and need a little attention.

The Newcomers currently have 16 women signed up for the program. They plan to work through the summer when the nurses are especially short-handed.

There is so much that can be done on one Thursday morning: games to play, books to read, knitting to learn, books to color, small crafts to make, cards to play and even some tutoring for those who are away from school.

The ambulatory patients can go for walks in the hall and others get taken for rides in the wheel chair.

Mrs. Catherine Nichols, director of nurses who helped coordinate the program says, "This is a wonderful idea! We appreciate the thoughtfulness of these ladies."

The program is open to anyone. Anyone interested, men included, (no, they won't be called Playboys!) may call Mrs. Curtis at 786-5595 or Mrs. James Van Horn at 786-4713. As of now two women go each Thursday morning from 10:30 to 12:30. "We hope to expand to two or even three days a week in the future," said Mrs. Curtis.

Mrs. Dale Lippold, head nurse, is also looking forward to the Play Lady program. The nurses' job on the pediatric ward is a full one. "It's a rewarding job and we're glad to have the Newcomers help," she said.

Country Club Ladies Dinner Meeting Set

The opening dinner for women members of the Escanaba Country club will be held Wednesday, May 3, at the club. There will be a cocktail hour at 6:30, followed by dinner. All women members are invited to attend.

Reservations for the dinner must be made by Monday noon, by calling Sally Fontaine, 786-5560, or Irene Reno, 786-5362.

Jim Crichton, club pro, will be at the dinner to explain the changes in golf rules and all women planning to join the women's golf league, will sign up for the season.

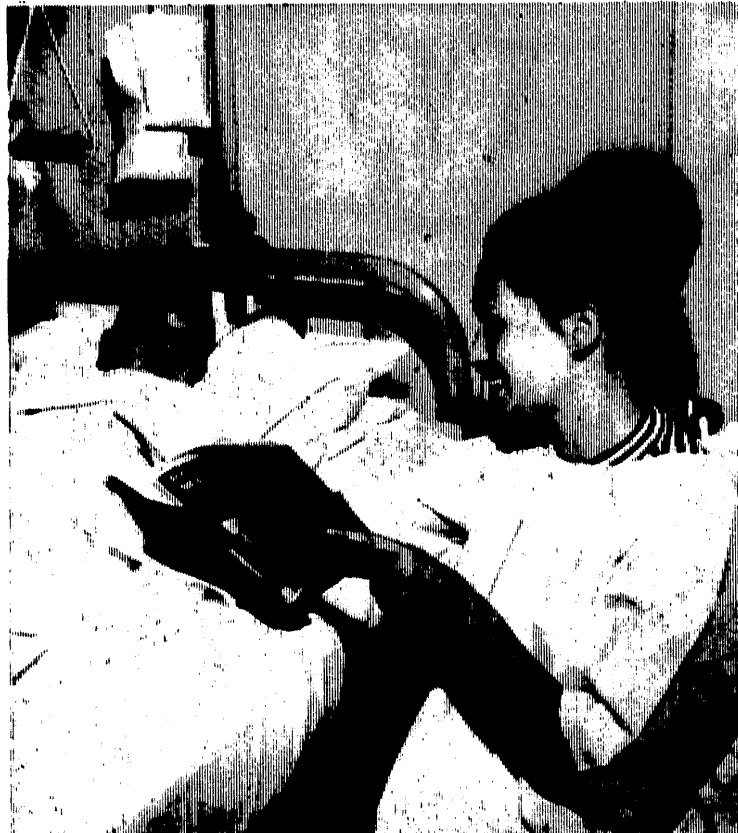

The committee in charge of the opening dinner includes Irene Reno, Sally Fontaine, June Baum and Nicky Traversa.

He is Jeff Pociopa of 1115 Lake Shore Drive and has been a patient at the hospital for four weeks. Mrs. John Curtis of Escanaba and a member of the Newcomers Club is the organizer of the 'play ladies.' She is shown in the lower picture as she reads to Mike Mileski of 530 S. 17th St., who has been a patient at St. Francis for six weeks. (Daily Press Photo)

Shrine Charity Ball Saturday At Terrace

Tickets are still available for the Delta Shrine Club's annual Charity Ball to be held Saturday evening at the Terrace Supper Club. Tickets may be purchased from any Shrine member, the Leader Store, Morrison Shop, Gust Asp's or the Ivory Drug Store in Gladstone. Persons wishing tickets are asked to get them as soon as possible so that reservation may be made.

Dancing will be from 9:45 p.m. to 1:45 a.m. and music will be furnished by the "Versatils." A buffet supper will be served later in the evening. Hans P. Johnson, Charity Ball chairman, has announced that a feature of the evening will be the awarding of 15 special prizes. The names of winners will be revealed when balloons, part of the decorations for the ball, are broken. Proceeds from the annual affair will go to the 17 Shriner hospitals for crippled children and the 3 Shriner Burn Institutes which are located in the United States, Canada and Mexico.

Children of any race, color or religion, under 15 years of age and whose parents are unable to pay for hospitalization are eligible for admittance to Shrine hospitals. Shrine hospitals ask only the whole hearted cooperation and understanding of the parents or guardians.

Chicken Delight

Chicken fixed this way has that French restaurant flavor which is so delicious.

- 2 frying chickens, cut in pieces
- 2 Tbsp. each salad oil and butter
- 2 Tbsp. flour
- 1 (10 oz.) can condensed chicken consommé

- *1/2 c. sauterne wine
- 1 (4 oz.) can mushroom stems and pieces, not drained
- 1 Tbsp. instant onion
- 1/4 c. chopped parsley
- salt and pepper to taste

Heat oil and butter in heavy skillet. Brown chicken slowly. Remove to casserole or roaster. Stir flour into drippings in skillet until smooth. Stir in consommé and wine, and cook, stirring until mixture boils and thickens. Stir in rest of ingredients. Pour over chicken. Cover and bake in a 350° oven 1 1/4 to 1 1/2 hours. Baste twice during cooking. Serves 8.

Honor Student Held In \$10,000 Blackmail Plot

DETROIT (AP) — A high school honor student scheduled to receive a Detroit police department award next month has been accused of attempting to extort \$10,000 in an elaborate blackmail scheme against a Grosse Pointe Woods grocer.

The student, Richard Harris, is the son of the city's paid caretakers of a five-room mansion donated last year to Detroit.

Preliminary examination for Harris has been set for May 18 on the extortion charge which carries a prison term of up to 20 years.

The alleged blackmail attempt was aimed at Robert Shammas, 30, who deals in wholesale groceries.

Harris was to have received a police department award for citizenship and scholarship achievement at a dinner May 16, but his name was scratched Wednesday from a list of some 90 Detroit high school seniors to be honored.

Threatening Calls

Harris, scheduled to graduate this June near the top of his class at St. Catherine's Catholic High School on Detroit's East Side, is president of his high school student council and a member of the National Honor Society.

Shammas, the allegedly in-

Three Sentenced In Circuit Court, Two Get Jail

Edward J. LaLonde, 18, of 220 N. 11th St., was sentenced to spend 90 days in the Delta County jail for breaking and entering by Judge Bernard H. Davidson in Circuit Court Wednesday.

He was also placed on probation for three years and ordered to make restitution of \$6 to John Derouin for damages in entering his home in Wells Township. LaLonde was arrested by State Police and pleaded guilty to the charge.

Judge Davidson also sentenced Patricia Mannebach, 21, of 415 1st Ave. S., to 60 days in the county jail after she was brought into court on a probation violation charge.

She had pleaded guilty to a charge of uttering and publishing April 3 and was placed on probation for two years. Her probation was continued.

Helen Jean Dickerson, 33, of the Y-Motel, was ordered to make restitution of \$391.06 for worthless checks she had cashed and placed on three years probation by the judge. She pleaded guilty Feb. 27 to a charge of forgery.

Sentence on Dennis P. Vanlerberghe, 18, of 1921 5th Ave. S., was suspended. He had pleaded guilty to breaking and entering.

Expo 67 Opens In Pomp Today

MONTREAL (AP) — Lunch for 100, ceremonies for 3,000 and parties and fun for 19,000 were on the program today for the formal opening of Expo 67, the Montreal World's Fair.

The gates will be thrown open to the general public at 9:30 a.m. Friday, and 11 million persons are expected to come to the fair in the next six months.

Pierre Dupuy, the fair's commissioner general, invited Gov. Gen. Roland Michener, Prime Minister Lester B. Pearson and other top officials and their wives to lunch before the opening ceremony this afternoon.

After lunch they were to join 3,000 other guests in the Place des Nations, a 42-acre amphitheater. Those invited included premiers of Canada's 10 provinces, ambassadors of the 63 foreign countries with exhibits at the fair, members of Parliament and some 650 representatives of the press.

The schedule called for flags of each nation to be unfurled, Pearson to light a flame that will burn through the six months of the exposition, and promptly at 4 p.m. the governor general to say — first in French then in English — "I declare the fair open."

Friday Morning Set To Blastoff Five Satellites

CAPE KENNEDY, Fla. (AP) — Making certain a five-satellite payload is not contaminated by fuel fumes, the Air Force today prepared a Titan 3 rocket for launch.

The booster — which has missed three planned launching dates because of problems — is tentatively scheduled to blast off at 5:01 a.m. EST Friday to orbit two nuclear-detection satellites and three military engineering and scientific satellites.

Air Force officials said Wednesday a faulty valve caused fuel in the Titan 3's steering system to leak on the launch pad. The valve was replaced, but additional time was needed to make sure the rocket's air-conditioning system did not suck in fuel fumes that might contaminate the payload.

The Air Force had hoped to launch the big rocket today.

MANISTIQUE

Smelt Catches Good In Lake

Commercial fisherman from Manistique Wednesday lifted three tons of smelt in pond nets set in Lake Michigan.

The fishing began April 16 and the first lift had 321 lbs. This increased to a ton, then two tons and yesterday, three. Jumbos are being sold at the dock by the fisherman for 5c a lb., and surplus is sold to truck ranchers for 21c a lb. Wednesday, a buyer from Muskegon also brought some.

Dan and Charles Hamiel, Lloyd Johnson and John Schuetter are setting the nets, using a large fish boat. They leave 6 a.m., and return at 7 p.m.

Michigan Week Cultural Day Plans Progress

To advance Michigan Week planning, the cultural activities committee met at the home of the chairman, Mrs. Dorothy Shipman. Plans are progressing for a program at 8:30 p.m., on hospital day, May 26 at the Manistique High School auditorium. Music and dramatic presentations will be included.

Girl Scout Council Elects

The Girl Scout Council has elected Mrs. David Kelly, president, Mrs. John Strable, secretary, Mrs. Morris Laux, treasurer, Mrs. James Shining, day camp chairman, Mrs. Fred Berger, publicity chairman and Mrs. W. C. Wallace, registrar.

Named representatives to Timbertrail were Mrs. Morris Laux, Mrs. Walter Minor and Mrs. Fred Berger.

A gift was presented to Mrs. Earl Williamson, retiring president.

Moffat Abandons Reelection Plans, Cites Opinion

MANISTIQUE — John W. Moffat, who is completing a four-year term on the Manistique Board of Education, said Wednesday night that he will not be a candidate for reelection because of a Michigan Attorney General's opinion concerning conflict of interest.

The opinion by Attorney General Frank Kelley states that there is a "conflict of interest" when members of boards of directors or officers of financial institutions also serve on boards of education which deal on a contract basis with the institution.

Moffat is a member of the Board of Directors of the First National Bank of Manistique, which is a depository for some of the school district funds.

"In my particular case as a member of the Board of Directors of the First National Bank of Manistique I do not believe there is any conflict of interest, substantial or trivial," Moffat said. "I am sure, however, that in the eyes of some people such conflict exists."

Colacasides Is Ordered To Jail

LANSING (AP) — The State Supreme Court has ordered Costas (Gus) Colacasides returned to jail to serve a six-month contempt of court sentence.

The court Wednesday cancelled the bond Colacasides had posted to be freed from the Detroit House of Correction pending his appeal of the conviction to the court.

In a decision on that upheld the constitutionality of Michigan's unique one-man grand jury system, the court earlier this month ruled that Colacasides had been lawfully jailed by Wayne County Circuit Judge Charles Kaufman on March 7.

Colacasides had protested the contempt conviction, charging that questions put to him by Grand Juror George Bowles exceeded the authority of the grand jury.

Wrong Symbolism

EL CAJON, Calif. (AP) — What a winter-beauty beauty like the liquidambar as official tree? The choice is that of the Chamber of Commerce and the El Cajon Woman's Club, but the city park and recreation commission rejected it out of hand.

The liquidambar's leaves fall off every winter, noted the commission, hardly symbolic of the mild year-around climate of Southern California.

Students Take Look At City Government

The duties and responsibilities that go with public office and adult citizenship were experienced by a group of Holy Name High School students participating in "Student Government Day" in Escanaba today.

The City Council composed of students took a long look at a number of municipal projects and proposed projects, including a recreation building and swimming pool — a proposal that has been involved in some controversy at the adult level in the past.

Doug Bovin, teacher of government and bookkeeping at Holy Name High School, supervised the Student Government

Panel Will Ask Dodd Censure

WASHINGTON (AP) — The Senate Ethics Committee is expected to recommend that Sen. Thomas J. Dodd be censured or condemned only for using campaign and testimonial funds for personal expenses.

One source said the committee had settled on censure but others said this was still subject to change before the bipartisan panel submits its recommendations for Senate action.

Many senators regard censure and condemnation as virtually synonymous. But the committee reportedly has disagreed on which term is stronger.

Other aspects of the Connecticut Democrat's activities, it was reported, will draw criticism from the committee but in less severe terms.

These include instances of double billing for travel expenses, his use of cars loaned to him by a Connecticut contractor, and his relations with Julius Klein, a Chicago public relations man and a registered agent for West German interests.

The committee's report on its investigation of misconduct charges against Dodd may be submitted to the Senate today.

NMU Student Traffic Victim

MARQUETTE (AP) — A 21-year-old Northern Michigan University student injured last Friday in an accident eight miles north of Marquette died Wednesday in St. Luke Hospital. The victim was Dennis Mroczek of Chicago. Four other students were injured when their car was forced off the road by an oncoming vehicle and rolled over several times.

Homestead Exemption Cost Near \$16 Million

LANSING (AP) — The granting of homestead tax exemptions to Michigan's senior citizens cost slightly under \$16 million during the first year of the program, reports the State Department of Administration.

The department said 166,152 senior citizens received the exemption for the current tax year. Average saving per senior citizen was \$95.88.

The tax exemption, long an issue before the Legislature, was enacted in the 1966 session.

The Legislature appropriated \$12.5 million to reimburse local units of government for the tax loss.

Lawmakers were uncertain how much would be needed, however, and then estimate proved conservative.

4-H Club Will Beautify Park

The island area in Gladstone's Van Cleave Park will be beautified with flowers and shrubs this spring by the Gladstone 4-H Community Club, with the assistance of a Sears & Roebuck Foundation grant.

Permission to make the improvements was granted by the City Commission at its meeting Monday night.

The 4-H Community leaders are Mrs. Robert Walker and Mrs. James LaFleur.

The planting will include the creation of a flower bed that will include 500 gladiolus, 13 dozen petunias, and alyssum for the border; plus the planting of shrubs including 20 spreading Japanese yew and 10 Pfitzer juniper.

"The project will give the young people an opportunity to identify and plant plants," said Art Vasold, Delta County 4-H Club agent. "The members will also keep the planting weed free."

The City of Gladstone will keep the plantings watered.

A Gospel Sangfest will be held at the Cornell Town Hall Sunday beginning at 2:30 p. m. Edward Berg and James Haga are in charge of arrangements.

A program of Gospel singing and instrumental music, featuring stringed instruments and a trombone solo by Ray Whelpley. The Sangfest stringed sextet will play several favorite Gospel songs and duets and solos will be presented by Edward Berg, James Haga, Rev. Lowell Fox, Carol Fox, and Rev. David Brostrom. Several Swedish songs will also be sung. Mrs. Edward Berg will read the scripture during the quiet time.

Ladies from the Cornell area will serve refreshments and the public is invited to come out for a time of Christian Fellowship and to hear the Gospel story of Jesus Christ presented in song.

GLADSTONE

Annual School Election Set

Voters of the Gladstone school district will elect two members of the Board of Education June 12 in the annual school election.

Terms of Mrs. Jane Empson and Dr. Carl Olson expire. As yet, neither has filed a petition for reelection.

Supt. Wallace Cameron said that no petitions for candidates have been filed at his office. Petitions are available from the superintendent's office and must be returned by 4 p. m. Monday, May 13, for the candidate's name to be placed on the ballot.

Names of at least 20 qualified school electors are required on the petition.

Candidates must be citizens of the United States over 21 years of age, a resident of the state for at least six months and the school district for 30 days and must own property assessed for taxes in the district.

Besides Mrs. Empson and Dr. Olson, other members of the school board are William A. Swenson, Grant L. Hess, Jerrold Becvar, Clair J. Hoehn and Robert Hupy.

Delta Students On Dean's List At Ferris State

BIG RAPIDS—Two Gladstone students and a third from Ensign were among 785 students named to the Dean's Honor List for academic excellence during the winter quarter at Ferris State College.

They are Thomas P. Finlan, a senior in pharmacy, and James F. Murch, a senior in commerce, from Gladstone and Felix B. Mroz, a sophomore in general education, from Ensign.

To be named to the Dean's List, a student must maintain at least a B average while carrying a full academic load.

Eagles Land Mike Ditka

PHILADELPHIA (AP)—Sure-handed Mike Ditka, the new tight end of the Philadelphia Eagles, is a rare example of a man who can have his cake and eat it, too.

When Ditka was traded Wednesday by the Chicago Bears to the Eagles for quarterback Jack Concannon in a National Football League swap, he:

Left an unhappy, professional relationship.

Pocketed \$50,000 without a court suit.

Was certain to sign for a salary worthy of star status with the Eagles.

In agreeing to play with Philadelphia, Ditka—who becomes a free agent May 1—says he lost a "once-in-a-lifetime" opportunity to join the Houston Oilers of the American Football League.

Unable to reach a contract agreement with owner-coach George Halas of the Bears last year, Ditka decided to play out his NFL option.

He later accepted \$50,000 and a three-year contract reportedly worth \$250,000 if he jumped to the Oilers this coming season.

When the AFL and NFL merged, it left Ditka's deal up in the air. Houston, in the interest of good harmony, said it did not intend to drag the Ditka case into the courts—and would let him pocket the \$50,000.

"I'm not really disappointed that I didn't go with Houston," the 27-year-old Ditka said from his home in Downers Grove, Ill. "Actually, I've got a once-in-a-lifetime opportunity in Philadelphia to start over with a new club. I feel the Eagles have a chance to win it all next season."

Coach Joe Kuharich of the Eagles said he expected no problems signing Ditka, who would be free to sell his services to any team if he's not satisfied

Hockey Playoff Series Resumes

TORONTO (AP)—The torrid battle for the Stanley Cup championship resumes tonight and the two standouts of Tuesday's overtime battle—goalie Rogatien Vachon and Johnny Bower—will be back at their posts.

Vachon, the Montreal rookie, got beat Tuesday when Bob Pulford scored in the second overtime to give Toronto a 3-2 victory and a 2-1 lead in the best-of-7 series.

However, Vachon made 51 saves, and Toe Blake, coach of the defending champion Canadiens, said Wednesday:

"Vachon will be in goal Thursday night. It wasn't his fault that we lost. If we'd got the goal he'd have been the hero."

Vachon is backed up by veteran netminders Gump Worsley and Charlie Hodge, neither of whom have seen action in the playoffs this year.

Cincinnati Enjoys New Western Trip

By The Associated Press
Cincinnati's Dave Bristol, weary of paying heavy tolls on the road west, has come up with a new route.

And, suddenly, San Francisco, Los Angeles and Houston have become hot tourist attractions for Manager Bristol and the resurgent Reds.

Powered by Deron Johnson and Don Pavletich, the Reds downed the Giants 4-2 Wednesday for their sixth victory in nine road games against the National League's westernmost clubs.

Last season Cincinnati, in tumbling to a seventh-place finish, lost 22 of 27 road games against the Dodgers, Giants and Astros. The Reds were 3-6 at Los Angeles, 2-7 at San Francisco and 0-9 in the Astrodome.

This spring the Reds have played all of their 15 games—including six at home—against the same trio, and have won all but four. They took five of six at home, dropped two in a row at LA before beating the Dodgers, then swept four games at Houston. They are 1-1 at San Francisco, where they complete the 10-game trip today.

"As far as last season goes, we didn't play well on the road—period," Bristol said recently in evaluating his club's 1967 prospects. "We had a losing record in Pittsburgh, Philadelphia and Atlanta, too."

"Winning more games on the road is part of our over-all picture. When we started spring training, I told the team to forget last season—and I mean it."

Johnson smacked his fifth homer in Wednesday's victory over the Giants while Pavletich stroked a double and RBI single, and fireman Ted Abernathy registered his sixth save in relief of winner Billy McCool.

St. Louis whipped Houston 7-2, extending the Astros' tailspin to 10 straight setbacks, and Los Angeles edged Atlanta 2-1 in the only other NL action. Rain washed out the New York-Chicago and Philadelphia-Pittsburgh games.

The Chicago White Sox topped the New York Yankees 5-1 in the American League, where bad weather forced postponement of four other games.

Johnson homered off loser Bob Bolin in the second inning and the Reds added another run in the fourth on Pavletich's double and a single by Tommy Helms. Tony Perez and Pavletich

choked in fifth-inning runs, giving McCool a 4-0 lead, but the Cincinnati starter was unable to finish.

Gerry Arrigo relieved with two on in the seventh and the Giants scored twice on a ground out and Willie Mays' single before Abernathy slammed the gates.

Mays drew a blank in four other trips to the plate—his batting average dipping to .231—and dropped a fly ball.

Steve Carlton, making his first start, pitched eight strong innings for St. Louis before giving way to Dick Hughes in the ninth. The 22-year-old southpaw allowed only five hits, including a two-run homer by Rusty Staub, and struck out

nine as the Cardinals clung to the league lead.

Four walks, a run-scoring ground out, and singles by Julian Javier and Dal Maxvill netted four runs off loser Mike Cuellar in the fourth. Lou Brock's triple capped a three-run sixth for the Cards.

The Dodgers snapped a 1-1 deadlock in the seventh inning when Lou Johnson lashed a two-out double and scored on Ron Fairly's single. The winning hit broke an 0-for-12 slump for Fairly.

Winner Don Drysdale fired a two-hitter until the eighth, when he needed relief help from Ron Perranoski after yielding two more hits. Perranoski fanned Mack Jones to end the threat and Phil Regan finished up.

Casper Favorite In Golf Tourney

SAN ANTONIO, Tex. (AP)—Billy Casper got the favorite's nod as the Texas Open Golf Tournament started today.

Casper and a field of 143 other pros, including a number of current champions, will be playing for a \$20,000 first-place purse over the par 71, 7,138-yard Pecan Valley Country Club course.

The National Open champion fired a disappointing 72 Wednesday in a pro-am preliminary to the richest—yet Texas Open. The round was played in an intermittent drizzle that slowed the greens.

Close behind Casper in the lineup of favorites are 1966 PGA champ Al Geiberger, World Series of Golf winner Gene Littler and three players now ranked among the top 10 PGA tour money winners—Bert Yancey, Bob Goalby and Frank Beard.

Yancey moved up to sixth in the rankings this week after a \$20,000 first-place win in the Dallas Open. Goalby, the San Diego Open winner, is ranked ninth and Beard, winner of the Tournament of Champions, is ranked 10th.

Azalea Open winner Randy Glover, and three others in the top 20 money winners are also in the field. The other ranked money winners include Bruce Crampton, Chuck Courtney and Harold Henning, the South African who took top money here last year.

The players will have an extra incentive going for them in the 40th playing of the Texas Open.

Rochester Wins Season Opener

By The Associated Press
The Rochester Red Wings have picked up in the new International League baseball season where they left off the regular campaign last fall—winning.

In the only scheduled opener which survived the rain and cold weather Wednesday night, the Red Wings trounced the Jacksonville Suns 9-2. The season's first encounter attracted only 3,608 fans in the Florida city.

Ahead by only 3-2 after seven innings, the Red Wings put the game out of reach in the eighth with six runs, two each riding home on singles by Mickey McGuire, Bob Floyd and John Scuss.

Tonight they'll try again to get in openers matching Syracuse at Richmond, Buffalo at Columbus and Toronto at Toledo. Rochester will play a doubleheader at Jacksonville.

McLain Will Get Shot At Orioles

DETROIT (AP)—Only three Detroit Tiger pitchers have hurled 20 innings or more this season, and Denny McLain is the worst of those three in allowing runs.

The 23-year-old McLain will get a tough test in whether he can lower his 4.50 earned run average when the Tigers face Baltimore Friday night in the first of a four-game series.

The Orioles currently sit atop the American League in a tie with the Tigers. They will play Detroit with the advantage of their home field.

Lake the Tigers, the Orioles postponed Wednesday's game because of the weather. The Tigers postponed their contest with Kansas City until June 15 when it will be played as part of a two-night doubleheader. The Orioles moved up their contest with California to tonight at Baltimore.

McLain has pitched 20 innings this season. Joe Sain, who has hurled 20 1-3, leads the regular rotation.

Lousy Weather Fails To Stop White Sox Ace

NEW YORK (AP)—It might as well have been 80 degrees and balmy instead of 40 and frigid at Yankee Stadium Wednesday for all it bothered Chicago's Gary Peters.

The American League's earned run leader last year, Peters breezed past New York 5-1 with a sharp four-hitter. It wasn't his favorite kind of weather, but it didn't affect his pitching.

"I prefer hot weather," Peters said later. "But I'm not terribly bothered by the cold. Once you get loose, you don't feel it and you don't get as tired in it."

Peters looked pretty hot to the Yankees, who didn't manage to hit against him until the fifth inning and scored their only run with two out in the ninth.

"He showed me a slider I haven't seen before," said Elston Howard, who stroked the first hit off Peters after he had retired the first 12 batters he faced.

"My slider was sharp all the way," the White Sox lefty agreed. "At first, I was getting my curve and slider both over but the curve started giving me trouble around the sixth inning."

Peters said the cold weather helped him because it caused the batters' hands to sting when they hit the ball.

"They don't like it and they tend to lay off the inside stuff because they're afraid of the sting," said Peters. "That helps the pitcher."

The White Sox hopped on Yankee starter Mel Stottlemyre for a run in the first and got four more in the third in a rally started by Peters' single and capped by Tom McCraw's three-run homer.

The Yankees are 6-5 and have lost five straight to Peters in a string that stretches back to September 1965.

"It was cold then too," smiled Peters.

The other four American League games Wednesday were rained out.

In the National League, Cincinnati beat San Francisco 4-2. St. Louis trounced Houston 7-2 and Los Angeles edged Atlanta 2-1. The Philadelphia Phillies at Pittsburgh and New York at Chicago games were rained out.

Matson Favored To Win Again

DES MOINES, Iowa (AP)—Feroocious assaults on the world shot put mark and some relay records are certain in the 58th annual Drake Relays Friday and Saturday.

But the four-minute mile—which has eluded greats here in the past— isn't among the 27 meet records that may topple, even though Kansas' phenomenal Jim Ryun will be around.

Jayhawk Coach Bob Timmon has decided to use Ryun, who has run the fastest mile—3 minutes, 51.3 seconds—in history, strictly for relays.

Muscular Randy Matson, easily the biggest of the nearly 3,000 athletes competing here, is a solid favorite to win his third straight discus title Friday, then follow up with his third consecutive shot put championship Saturday.

Only last Saturday the mighty Texas A&M weightman heaved the shot 71 feet 5 1/2 inches—breaking his world record by 10 1/2 inches.

Ryun will do an anchoring 880 for the two-mile relay team and also anchor the four-mile team Friday. The next day, he will run the anchor mile on the distance medley.

Army will play five home football games at West Point next fall. Their rivals will be Virginia, Duke, Rutgers, Stanford and Utah.

Northern Michigan Spring Grid Practice Drills To Open Today

MARQUETTE—Spring football practice opens today at Northern Michigan University where head coach Rolfe Dotsch, starting his second season with the Wildcats, expects an early turnout of 85 candidates.

Drills will be on a one-a-day basis six days a week. The Northern Grid candidates will work out three days this week, take off the first three days of next week, then resume practice on Thursday, May 4. A control scrimmage is planned for Saturday, May 6, with additional scrimmages the following two Saturdays. Spring practice concludes with the annual Green-White game at Memorial Field, Saturday, May 27, at 7:30 p. m. EST.

32 Lettermen Back

The spring squad includes 28 lettermen from Northern's 6-3-1 ball club of 1966, four other letter winners from 1965, and several promising newcomers.

Despite the large number of veterans, Dotsch and his staff have several key positions to fill if NMU is to have a suc-

cessful 1967 season. Among the missing will be six regulars from last fall, including All-American guard Curt Marker. A fourth round draft choice of the Dallas Cowboys of the National Football League, Marker played in the Blue-Gray game last December and was named Northern's Most Valuable Player.

"A player of Marker's qualifications doesn't come along very often," is the way Dotsch expresses it.

Kicker Is Gone

In addition to Marker, "Cats will have to replace kick specialists Tony Richardson, who has signed with the San Diego Chargers of the American Football League as a free agent. Richardson set a host of point after touchdown and field goal records in his two seasons at NMU.

Other lettermen gone are last year's co-captains, defensive end and linebacker Byron Johnson and offensive guard Al Ische, defensive tackle Ed Roney and defensive cornerback Bob Simon.

Dotsch may also have to fill one other position, Ron Kerr, a big offensive lineman who doubled at center and tackle, underwent knee surgery earlier this month and will miss spring practice.

"We're hoping Ron will be back for early fall drills," said Dotsch, "but for the time being we have to get along without him."

Dotsch lists three main objectives for the Wildcat coaching staff during spring practice: "Our two biggest jobs this spring are to develop a pair of defensive tackles and three interior offensive linemen," he explained, "and we must also develop consistency in our quarterbacking."

Returning Veterans

Returning lettermen from 1966, and their positions from last year, are, offensively, ends Jesse Jenkins, Riverview, Guy Kangas (Ironwood) and Ron Stump (Lansing); tackles Ron Kerr (Peabody, Mass.), Jim Meyer (Milwaukee, Wis.) and Dennis Porter (Sault Ste. Ma-

tion, Ill.); centers Bill Bailey (Kingsford) and Don Wagner (Milwaukee, Wis.); quarterbacks Clair Lambert (Westchester, Ill.) and Rich McCarthy (Kingsford); halfbacks Lonnie Holton, Sumner, Jim Lindstrom (Iron Mountain) and Larry Snoddy (Phoenix, Ill.); and fullbacks Dick Haynes (Spokane, Wis.) and Mike Kehoe (Marquette, Wis.).

Defensive lettermen are endrick Hacht (Pontiac) and Mike Meyers (Woodstock, Ill.); tackles Jerry Latri (Stephenson) and Leroy Spears (Minneapolis, Minn.); middle guard Jim Justus (Milwaukee, Wis.); linebackers Bob Bertrand (Menominee), Wayne Phillips (Flushing) and Jack Spuhler (Sault Ste. Marie); and defensive backs John Christian (Chicopee, Mass.), Phil DePerro (Niles, O.), Rick Ginochco (West Bend, Wis.) and Greg Varach (Falls Church, Va.).

"We have several changes in mind to make the best use of our personnel," Dotsch pointed out. "So some of these boys will not be back at the same position they played a year ago."

Reveal Plans For Olympic Type Annual Kennedy Memorial Games

NEW YORK (AP) — Los Angeles and Lake Placid, N.Y., may be the sites in 1968 of the first John F. Kennedy International Memorial Games, a proposed streamlined version of the Olympics to be held annually in the United States.

Plans for the mammoth athletic carnivals, to be held in the summer and winter, were announced by the Amateur Athletic Union Wednesday as part of a nationwide drive to build up a \$10-million permanent fund for the development of U.S. athletes for national and international competition.

Col. Donald Hull, executive director of the AAU, said the first summer games were tentatively set for May 30, 1968 — a day after what would have been President Kennedy's 51st birthday — at Los Angeles, and the winter games for December 1968, probably at Lake Placid, N.Y.

games in different cities each year, but it's too early yet to say."

The AAU said the central purpose of the International Sports Development Fund "is to give support to all amateur sports organizations in the United States and to promote expanded opportunities for international sports competition."

Hull said the competitions will include the traditional Olympic events and other sports may be added including bowling, golf, tennis, water skiing and polo.

Top athletes of the world would be invited to come over for a week with competition for three or four days, starting on a Thursday. He said foreign athletic officials had responded with enthusiasm when they

were informally sounded out. He said that with picked fields, each event would be like an Olympic final.

Hull said the stimulus to create a permanent fund was generated by a letter from

President Kennedy shortly before his death.

"I urge the AAU to expand its program for the physical development of our youth and adults and to increase our participation in international competition," the letter said, in part. "I urge all men and women in all sports to join in a new crusade for excellence — in physical fitness and sports competition."

American Airlines, the first business firm to participate in the fund drive, contributed \$75,000. In addition, the airline will handle the sale of the first 25,000 Kennedy medallions to the public. They will be given to contributors of \$10 or more to the fund.

The Kennedy medallion is a bas-relief interpretation of a bronze bust created by Robert Berks, a noted New York sculptor and painter.

Princeton Cage Coach To Turn To Pro Ranks?

LOS ANGELES (AP) — Bill (Butch) Van Breda Kolff of Princeton was expected to be named coach of the Los Angeles Lakers' National Basketball Association team late today at a news conference.

Coach Fred Schaus of the Lakers would take over as general manager, informed sources said, while General Manager Lou Mohs assumes a supervisory role in owner Jack Kent Cooke's sports empire — the Lakers, the new Los Angeles Kings of the National Hockey League and the Wolves of the United Soccer Association.

Cooke issued a terse "no comment" Wednesday, when The Associated Press learned of the impending changes. Another report said Van Breda Kolff would sign a three-year contract at \$30,000 a year.

Van Breda Kolff, 44, steps into the pro ranks after an outstanding 16-year collegiate record, including four Ivy League titles in five years at Princeton.

Lema Named To Golf Fame Hall

LOS ALTOS, Calif. (AP) — Tony Lema, the young touring pro who was killed in a plane crash last summer, has been voted into the California Golf Hall of Fame.

Nelson Cullenward, president of the California Golf Writers, said today Lema will be honored at the writers' annual awards banquet Monday at the Los Altos Golf and Country Club.

Lema's home was in San Leandro, Calif.

Official Raps AAU Tactics

Hull, however, said at a press conference, that other sites could be selected.

"The sites have not been definitely set," he said. "The national committee will take this up soon. We expect to get other bids. News of this apparently leaked before we were ready for the announcement of the fund drive."

"Salt Lake City has expressed an interest in the winter games. New York, through Mayor Lindsay, or his spokesman, has expressed interest in the summer games."

"We probably will hold the

ANN ARBOR (AP) — Kansas Conn Jim Ryan shattered the world record for the half mile, but ran into a brick wall in the shape of the Amateur Athletic Union, a United States Track and Field Federation (USTFF) official says.

"The AAU is holding Ryan's record for ransom," said Charles D. Werner, executive director of the USTFF Wednesday.

The charge is the latest in the running battle between the AAU and the National Collegiate Athletic Association, to which the USTFF is affiliated.

"The price of the ransom," said Werner in a statement, "is continuation of the AAU's total monopoly control of track and field in America."

Ryan set the world record on June 10, 1966, at the USTFF Outdoor Track and Field Meet at Indiana State University.

But the record was not on the latest list officially approved by the International Amateur Athletic Federation, said Werner.

The AAU told the USTFF to get official AAU retroactive sanction for the meet, he said.

"The AAU thus sought to gain credit for a meet which, prior to the competition, they had tried to destroy by threatening the eligibility of all athletes who participated in it," Werner said.

Detroit Soccer Coach Selected

DETROIT (AP) — Detroit's entry in the United Soccer Association, the Detroit Cougars, have signed a coach for the 1968 season. And his first job is to put together a team.

The coach, 33-year-old Len Julians, will quit his position as player-coach of Milwaukee, a second division team in the English Football (soccer) Association, to take over the reins of the Cougars.

Milwaukee is currently in sixth place in the second division, a position roughly comparable to a sixth-place team in major league baseball.

For the coming season, which opens on May 28, the Cougars will be represented by Glenoran of Belfast, Ireland. The team has won practically every Irish soccer championship this year.

But compared with top-flight soccer as played in Europe and South America, putting the Glenoran team against the top British team would be similar to letting the Kansas City Chiefs on the same field with the Green Bay Packers.

After the 1967 season, Julians will have to scour Europe, South America and examine the local talent to put together a team for the 1968 season.

Last Five Years Hell Roger Maris Reveals

HOUSTON (AP) — "The last five years for me were hell — several times I've left the ball park and thought I'd just keep on going to the airport and chuck it all," Roger Maris said today, explaining that he has found a new baseball life with the St. Louis Cardinals.

"I am happy and relaxed for the first time almost since I can remember. It's nice to go out on the field and know people are behind you. It makes you concentrate and want to give your best."

The 32-year-old outfielder hit a record 61 home runs for the New York Yankees in 1961.

Maris then saw his career go into a tailspin as a result of injuries and clashes with New York teammates and said he was contemplating quitting the game until he was traded to the Cardinals last December.

"I went to Ralph [Manager Ralph Houk of the Yankees] last July," Maris recalled. "I told him I was fed up. I couldn't take it any longer. He told me to wait."

"Then I was traded. Even then, I didn't know whether I wanted to continue. But I decided to give it a try. So far, it's worked out well. I am happy playing baseball again."

"But I don't know how long it will last. If I suddenly decide I'm not doing the Cardinals any good, I'll quit. I'll quit after this year."

Maris is hitting .318 with the Cards, other fans love him. His teammates think he's terrific.

"Nobody knows what I went through with my last few years with the Yankees," Maris said.

"Some of the sports writers gave me a rough time. They said I was selfish and lazy and that my only interest was in making money for Maris."

"The fans picked it up. They gave me a lot of gaff. They went on my back every time I went on the field."

"That's not all. I had trouble in every American League park except one — Kansas City, my home."

"It's different now. At St. Louis, the people are wonderful. They act as if they're all for me. It's true in every National League park I've been in."

Michigan Rips Detroit Titans

DETROIT (AP) — University of Michigan pitchers held the University of Detroit to two hits in a 10-0 rout Wednesday.

With temperatures in the 30s, the Wolverines used three pitchers to prevent U-D's batsmen from getting the ball out of the infield until the ninth inning.

UM scored the only run it needed in the fourth inning, when a walk and two successive singles brought home the base runner.

Leslie Tenoma won batting honors, going 2 for 6 at the plate while his Wolverine teammates battered out a barrage of singles.

Former third baseman Don Hoak has left the broadcasting booth to coach with the Philadelphia Phillies.

Planted Trout Tangling In Lake Gill Nets

The Conservation Department reports a problem has arisen with lake trout planted in northern Lake Michigan being caught in whitefish nets of commercial fishermen.

Officers are working aboard the fish boats from Seul Choix, Naubinway, Charlevoix, Epoufette and St. Ignace, assisting in returning the trout to the lake where possible and otherwise salvaging the fish for school hot lunch programs.

About 15 to 30 per cent of the fish can be returned to the water.

The problem is expected to abate in about three weeks, as waters warm and fish nets are set closer to shore for whitefish. Trout will stay in the cooler water farther out, says Byron Boogren of the Newberry district office of the department.

When nets first were set after ice left, the trout comprised 31 per cent of the total catch. This has declined to 20 per cent. Fishing is in 10 to 22 fathoms of water with 4 1/2 inch mesh gill nets.

Two years ago the department planted two million lake trout in the 7-9 inch class. In preceding years they were small enough to go through the mesh. The fish are averaging 60 per cent undersized yet, with undersized classed as 1 1/2 lbs. or less. A few have been caught weighing 3 1/2 lbs.

Lake trout can only be taken legally by sport fishermen, who troll for them. Officers are checking docks and fish houses and going out aboard the vessels. Eight are involved in the project.

In Memoriam

Kallio

In loving memory of our dear husband and father, Emil Kallio, who passed away April 27, 1967. A precious one from us has gone. A voice so loved is stilled, A place is vacant in our home. Which never can be filled. God in His Wisdom has recalled. The boon His love has given. And though the body slumbers here His soul is safe in Heaven.

Area High School Artists And Writers Try Wings

Creative writing and graphic arts at Escanaba Area High School now have their own vehicle of expression in "Kaleidoscope," a handsome publication of 46 pages in its Volume 1 issue at the high school this month.

"Kaleidoscope 1967" is printed in offset by the school print shop on fine paper donated to the school and Miss Kathy Hogan, head of the school's journalism department, and Dennis Foltman, head of the printing department were the faculty advisors.

Barbara Benoit is editor; Melissa Rose, managing editor; Dawn Wellman, associate editor; Kris Gauthier, layout editor; Cheri Eis, copy editor. The editorial staff includes Pamela Costley, Sue Carlson, Diane Vogt, David Lee, Tom Lang and Dawn Wellman. Sue Erickson and Mary Savard were typists.

Beside the editors' work, the magazine has pieces by Janice Ferguson, Karin Beck, Bonnie Sheffer, Barb Allingham, Connie Ellison, Shireen Hynes, Tom Jones. And poetry by Pam Costley, Chris Olson, Sue Plowman, Kathy Boudreau, Catherine Larson, Laurel Weiland, Sally Moran, Amy Tonn, Dayle Blazek and Dee Smith.

Art work is by Kathy Meier, Tim Brostrum, Sara Trotter, Diane Vogt and Tom Looeden. Mary Austad did the cover design.

The writing covers a great range of subject matter, from fiction on "I Am Blind" and "The Key to Maturity" to poetry on "Death," "The World Today" and "Grace of God."

Samples: "Eventually the law caught up with Eddie, and he was sent to prison. He ruined his entire life by doing what others did and following the crowd. His big mistake was not being an individual," Cheri Eis.

"Is the death wind form? That screaming gunfire threatens meager existence. I am alone now. A small figure to destroy or be destroyed. What will my move be?" Dawn Wellman.

"Joyously we hear the verdict. (On maturity) We have been accepted to bear the honor of becoming a giant. No longer are we holders of the 'key,' but instead members of

the jury," Barbara Benoit. "Ahead lies the big door that you must enter through. You secretly say your prayers and hope for the best. Your fears are rising to the very peak of explosion. With a weak push against the door you start your first day of school," Barb Allingham.

"Through blurry eyes he gazed through the bars of the playground fence. Would those little white faces play with him — a Negro? The world's problems were too complicated for a five-year-old to understand," Sue Carlson.

"Listen well, you, who would have all peoples patterned after

yourself. You can't mold men's brains into the image of your distorted hearts, nor their hearts, into your design. You will fail! I will find my bitter-sweet freedom," Diane Vogt.

Walk For Health

PHILADELPHIA (AP)—Keeping in trim the year 'round shouldn't cost more than a pair of shoe soles, says Dr. Walter Bortz, a physical fitness expert. "Just walk a mile every day," said the director of two major research programs on obesity and metabolic disorders at Lankenau Hospital during an interview.
